PETITION

ACCESS TO PORT TALBOT RAILWAY STATION

We are aware that large numbers of people resident in Port Talbot and surrounding communities are unable to access the rail facilities at the town because of the lack of a lift to both platforms, and they have written to their MP, Dr Hywel Francis, (Aberavon) about this serious matter.

We support our MP, Dr Hywel Francis, in his campaign to ensure that Arriva Trains improves access to Port Talbot Railway Station for disabled people, young families with pushchairs and passengers with heavy luggage. We believe that new facilities are essential – including a lift – so as to allow all members of the public equal access to the station.
